PUBLIC SCHOOLS

WILL OPEN SOON

South Side School Improvement Nearing Completion—Attendance Law Will Be Enforced.

The Mishawaka public schools will open Monday, Sept. 8, at 9 a. m. The usual repairing and cleaning has been done and all rooms will be furnished before school opens. A few changes have been made in the Battell and Bingham schools, but the main improvement has been made at the South Side schools where a new addition, consisting of six class rooms, a domestic science room and a manual training room, has been built at a cost of about \$20,000. This will accommodate most of the pupils of that section and a new kindergarten will be established there for the children south of the Lake Shore railroad. This addition will be ready for occupancy in a short time. If it is not ready by the time school opens the pupils will be taken care of in the main school and transferred as fast as the rooms are completed. We expect a part, if not all of it, to be ready by Sept. 8. The wardrobes in the new high school, which are being adapted to the new building, will be moved to the South Side school and used there. They will be replaced in the high school by 250 individual sanitary steel lockers. Each department in the schools will make an effort to broaden its influence this year. An effort will be made to make things more practical than ever before and to come nearer the every day life of the pupils. A new department has been added during the summer. This is a department of physical training. There is great need of work along this line among the pupils. Mr. A. O. Hindelang, who is in charge of the physical training, has had a thorough training for the work and comes to it with an enthusiasm that means success. The usual division lines will be maintained between the buildings, the St. Joseph river and E. & W. railroad between the north and south sides, Main st. between the Bingham school and the main school. The South Side school will take care of the pupils south of the Lake Shore railroad in the grades which are maintained there. Pupils are often for good reasons transferred across these lines but pupils will have to repeat a year if they transfer themselves and should report to the proper buildings to start with.

Pupils should by all means plan to enter school the first day, as the work is outlined in such a way that most of the pupils are kept busy every day. Pupils are taken into the kindergarten who are between four and one-half and six years of age. A pupil may enter the first grade who is six before January 1, but most pupils are strongly urged not to try to do this work until they are six. This work is outlined for pupils six years old and those who enter younger generally have to repeat a year. A number of pupils have been recommended for examinations for work taken during the summer. These examinations will be given Friday, Sept. 5 at 9 a. m. in the kindergarten. Those wishing to take these examinations, however, must call at the office and make arrangements before that time.

DARK HORSE MAY WIN TENNIS HONOR

Milliman and Zimmerman Will Play in Y. M. C. A. Contest Today—Winner to Get a Chance at Association Cup.

A dark horse may capture the Y. M. C. A. tennis tourney honors this year.

These were the developments of the semi-finals played Friday afternoon, when Milliman a new player here this season a brilliant and fast game, won from Warner with a score of 6-4, 1-6, 7-5. In the game between Zimmerman and Jernegan, "Zim" with an invincible serve walked away with the match, scoring 6-4, 6-2.

Since he came to South Bend this year, Milliman has been starting local players with his brilliant playing. Although he was not counted on as being one to match Forster, Monday in the championship meet, the favor may go to him. He has won honors at other meets.

He played a close net game, closing in whenever opportunity presented. Warner passed him several times in the second set, with high balls. He returned many of Warner's shots with shots that carried the ball at great speed, and in the third set made several smashes, peppering his opponent with his drives.

Milliman has a tremendous reach covering a large territory. His methods of playing close to the net and his long arms give him a big handicap over the other competitors.

Zimmerman with whom he will try out for the driving battle Saturday is making a similar fine showing. His eye is as true and his shots as straight. "Zim" sticks well to the corners, and with long strong side line slashes fans the ball, generally placing it in the back court or along the side line.

He has never been matched with Milliman, and great interest is being shown over the game which will be played Saturday. "Zim" already has two annual tennis honors to his credit and was only beaten last season by Forster by close scores.

It is generally believed that one of the two men will be able to take the cup away from Forster, who for some time has been out of the city, and is believed not to be in form as his opponents. He arrived from his vacation, early this week and has been working hard to fit himself for the match.

"Zim" has the most practice this year, and the players fear that if he gains the victory over Milliman Saturday, the cup will be clinched for him. He will be third annual victory and he will be entitled to possession of the cup.

The game played Friday between "Zim" and Jernegan was rather uneven throughout, although Jernegan put up his best fight. The two players were in excellent condition and the game proved the most exciting of the tourney.

Comparing the two men, Warner said, "Milliman and Zimmerman use entirely different tactics in playing their games. Both have individual moves and original plays and when the two meet together we can't hardly guess how they will match."

The games are being played in the courts on S. Lafayette st. No admission is charged and a large crowd of spectators gathered to watch the game. It is expected that even more will be present Saturday.

TERRE HAUTE TEAM TO PLAY LOCAL MEN

Two United Commercial Travelers' Teams to Meet at Springbrook on Saturday.

A baseball game between the local T. C. T. team and the U. C. T. of Terre Haute will be the feature of the annual U. C. T. picnic to be held at Springbrook park on Saturday.

Besides the game, Manager Dailey has arranged a special program of sports which promises to furnish ample enjoyment for all. A special car will leave the station at 1:33 in the afternoon for the park.

The line up for the game will be as follows: Gaff, C. Davies, p. Bailey; 1b, O'Dea; 2b, Nicar; 3b, Young; 1f, Jackson; cf, Hart; rf, With this line up the locals are confident that they will at least make a good showing.

JACK JOHNSON WILL MEET SAM LANGFORD

Two Fighters Sign Articles to Stage 20 Round Bout in Paris on Dec. 20.

BOSTON, Aug. 29.—Sam Langford, Negro heavyweight, is to meet Jack Johnson, heavyweight champion of the world, in a bout for the title in Paris Dec. 20. Arrangements for the match were completed by cable Friday, according to Joe Woodman, manager of Langford.

The bout is to be of twenty rounds and will be staged in the Cirque de Paris, under the direction of Theodore Vienne. Langford is guaranteed a lump sum and a percentage of the receipts for his appearance, Woodman says.

The Boston heavyweight was defeated by Johnson seven years ago and has been seeking another bout with the champion since. Johnson's reported need of money and the fact that proposed bouts with white men in Paris and London have been frowned upon are the reasons, in Woodman's opinion, that resulted in the match being made.

VISCOUNT HALDANE HERE ON A VISIT

First High Lord Chancellor of Great Britain Believes in Suffragets But Not in the Militant Branch.

NEW YORK, Aug. 29.—Viscount Haldane, the first lord high chancellor of Great Britain to leave his country since Cardinal Wolsey went to France four hundred years ago, arrived here Friday on the steamship Lusitania for a flying visit of five days in this country and Canada.

The lord high chancellor, whose position in England corresponds to that of chief justice of the supreme court of the United States, is here as a guest of the American Bar association before which he will deliver an address at its annual meeting at Montreal next Monday. Friday night he was entertained at a dinner given in behalf of the association by C. A. Severance of St. Paul. His itinerary includes visits to West Point and Albany.

Previously warned that he might expect to be interviewed by American newspapermen on his arrival in New York, the chancellor smilingly greeted a delegation of them who boarded the Lusitania. Quarantine and submitted to another interview when he reached the hotel where he is making his headquarters in this city.

Lord Haldane freely discussed many questions of the day, declared that he was in favor of universal suffrage, prophesied that a millennium of peace was not far off and said the relations between Germany and England have never more cordial, praised the intellectual growth of the United States, and predicted that home rule for Ireland would be an accomplished fact.
